

AL FAHAD HOTEL, HAT YAI

THAILAND, AL FAHAD HOTEL HAT YAI is the only complete halal hotel in Hat Yai located close to the city centre. The idea of building this hotel came from the family's main business, the construction business for hotels and buildings. They liked to build something completely different. It should have all nice amenities but in a middle price range which resulted in a middle eastern style hotel coming along with modern elements and functions. The most outstanding feature is being halal which makes them favorite for Muslim guests.
