

P2G1022X

1080P Day & Night Vari-Focal Box IP Camera

The LILIN P2 series cameras are equipped with a fixed-focus lens, offering flexible surveillance coverage and featuring a 2-megapixel CMOS sensor. This series incorporates 3D digital noise reduction (MCTF) and 2D WDR to ensure clear images under various lighting conditions. High-efficiency infrared LEDs provide superior illumination in low-light environments, with day and night functionality to adapt to different lighting conditions.

The P2 series also includes digital PTZ and ROI (Region of Interest) capabilities, supporting intelligent video surveillance (IVS) features such as tamper detection, motion detection, and network disconnection detection. Customizable smart events can be tailored to meet specific needs. It supports ONVIF Profile S, T, and is designed to withstand harsh outdoor environments with waterproof and vandal-resistant construction.
