

The Rugged Devices the Industrial Sector Depends On

Exceeding your expectations

Zebra's rugged tablets and mobile computers are purpose-built to exceed expectations for Field Service providers in the industrial sector by offering:

- Real-time analysis of mobile work status
- Increase in first-time fix rates
- Quick access to data to ensure timely response and appropriate services
- The actionable insights needed to make an add-on or up-sale
- Design that's purpose-built to last
- Connect-from-anywhere capabilities over a 4G network

This is Every Base Covered

Purpose-built to exceed expectations, Zebra Field Services rugged tablet and mobile computer solutions last longer, withstand more and connect to customer data quickly and easily. Get to know the range:
