Red prescription & empty bottle recycle full-process supervision

HOH-BQ-A

Model	HOH-BQ-A Main Cabinet
Size (L*W*H) (mm)	700*620*1240
QTY of Small drawer	4 - layer with 32-drawer
Capacity small drawer	150 pcs (Counted by 1ml ampoule)
QTY of large drawer	2 - layer with 8-drawer
Capacity large drawer	20 boxes (counted by box 130*76*20) (mm)
Screen	7inch+23 inch touch screen
Power	AC 220V, 50/60HZ, 350W

HOH-BQ-B

Model	HOH-BQ-B Auxiliary cabinet
Machine Size (L*W*H) (mm)	823*768*1932
Level	7-level
Drawer qty	28 drawer
Storage capacity for single drawer	45-box (calculated by box 130*76*20 mm)
Total capacity	1260-box (calculated by box 130*76*20 mm)
Screen	15 inch
Power	AC 220V, 50/60HZ, 150W

HOH-M600

Model	HOH-M600
Size (L*W*H) (mm)	700*620*1545
QTY of Small drawer	24-drawer
Capacity small drawer	150 pcs (count by 1ml ampule)
QTY of large drawer	8-drawer
Capacity large drawer	20 box (counted by box 130*76*20) (mm)
Screen	7inch+23 inch touch screen
Power	AC 220V, 50/60HZ, 350W

HOH-MJ-01

Model	HOH-MJ-01
Storage	9 layers , 7 layers with 6 drawer each, 2 layers with 1 big drawer, total 44 drawers
Storage Compartment	can list drug name, barcode info
Storage Method	Closed storage, only designated personnel can open the drawer, anti-theft and anti-pry.
Manage Require	Complying with the "five specialties" management, card reading identification, fingerprint identification and encrypted password identification, video surveillance, and multi-level management
Machine Size (L*W*H) (mm)	700*745*1800
Drawer Size (L*W*H) (mm)	515*500*110
Power	AC 220V, 50/60HZ, 400W
