

# “TMC” Thermax Thermometer Strips Made in England

Thermax is an irreversible product. The products can be applied using paints, crayons, inks, labels or self-adhesive strips, giving you almost endless possibilities. It gives you an irreversible colour change technique so that you can permanently record the highest, or lowest temperature of any given equipment. Different types are available.

Feature:

- Resist to oil and water
- No risk and toxic
- Accuracy: +/- 1°C below 100 °C  
+/- 1% full scale above 100 °C
- Meet BS EN ISO 9001 standard

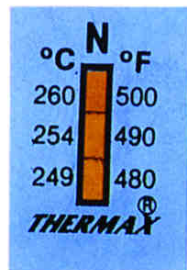

Application of thermometer strips

Electric appliance industry	The production of the case of appliance required suitable paint and temperature to get the best quality. Thermometer strips are used to proof that the process is in suitable temperature.
Power station (power generation and distribution)	Used on the generator, motor and transformer. Over-temperature means that problems occur in the system. Inspection is required to prevent accidents.
Railway Company	Used on the wheel, axle and rail. Regular temperature checking can ensure driving safety.
Electronics industry	High temperature can damage the function of electronic components. Thermometer strips can be used in transportation to proof that over-temperature did not happen.
Process industry	Used in heating process to proof that the process reached required temperature. For example textile, footwear and paint industry.
Pharmaceutical Companies	To proof the sterilization of appliances and sample has reached the required temperature.
Other areas such as temperature monitoring of helicopter engine, high-voltage switches, aircraft black box, cooling water radiator, temperature-sensitive chemicals storage racks and various parts of the car.	

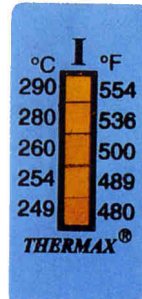

【We reserve the right to change the chemical formula of products and colors without prior notice. Note: This may cause changes in melting point of chemical.】

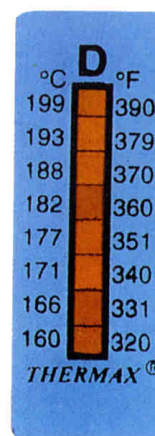

Thermax Encapsulated indicator

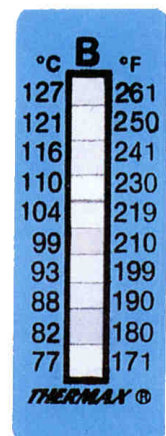

Thermax 3 level strip

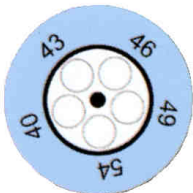

Thermax 5 level strip

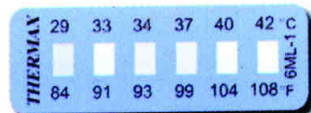

Thermax 8 level strip

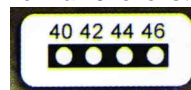

Thermax 10 level strip

Thermax Clock indicator

6 level mini strips

Thermax 4 level micro label
